

Dear,

Honorable Judge Matthew Echols;
I first want to apologize for being
in your court room today. I acknowledge,
admit to my wrong doing of possession
as a felon. Through out the two year
duration, I can honestly more good had
come from my circumstances more than
I could have ever imagined. Such as
getting to know self better than ever, work
on my decision making and most importantly
build a relationship with God. When I
do go home im distancing myself from
places crime infested as well as changing
my living location. If you willing
today, I want to ask can I hug
my Grand-mother and daughter upon
permission. Thank you for your time your
honor.
